

SENATE OF MARYLAND

OFFICE OF THE PRESIDENT

October 16, 2017

Dear Mr. Edouard de Lencquesaing:

Thank you for your follow-up regarding the Saint Omer Foundation and for sharing the information about the celebration of the restoration for the Chapel of the Jesuits and the 275th Anniversary of Daniel Carroll's arrival. Such an outstanding connection of our two culture's pasts, I am more than appreciative of you continuing to keep me informed of the ongoing work of your group.

With that in mind, I would be honored to join your advisory committee and am most excited to hear more of all the research you are able to gather of this outstanding relationship. I hope that the celebration this past weekend was a success and I am eager for you and your organization to keep in touch regarding any new historical findings.

Sincerely,
